马鞍山市天钧机械制造有限公司产品目录

Product Catalog

序号 S/N	产品名称 Product name	产品分类 Product category	常见规格 Common specification	产品介绍 Product presentation
1	车轮 Wheel	弹性车轮 Resilient wheel	650mm 660mm 740mm 608mm 711mm	弹性车轮主要用于城市低地板现代有轨电车及轻轨车辆。主要特点:噪音低、对环境无污染、乘坐舒适，是现代城市交通的发展方向。 Resilient wheels are mainly used in urban low-floor modern trams and light rail vehicles. Main features: low noise, no pollution to the environment, comfortable to ride, is the development direction of modern urban transportation.
2		工矿车轮 Industrial and mining wheel	650mm 686mm 450mm 710mm 840mm	工矿车轮种类繁多，可广泛应用于铁路运输、港口机械、工程机械冶金能源等诸多领域。 There are many kinds of industrial and mining wheels, which can be widely used in railway transportation, port machinery, construction machinery, metallurgical energy and many other fields.
3		地铁车轮 Urban rail wheel	700-860mm	地铁作为一种现代大都市主要的快捷的交通工具，需要地铁车轮兼顾良好的强度和韧性指标，安全、低噪音、高耐磨性。 As a main and fast means of transportation in modern metropolis, urban rail wheels need to take into account good strength and toughness indexes, safety, low noise and high wear resistance.

MAANSHAN TIANJUN MACHINERY MANUFACTURING CO., LTD.
No. 196, Cihu South Street, Cihu Technical Industrial Zone, Maanshan, China

序号 S/N	产品名称 Product name	产品分类 Product category	常见规格 Common specification	产品介绍 Product presentation
4		客车车轮 Passenger car wheel	850-950mm	拥有较高的纯净度，较高的硬度和韧性，运行安全可靠。 With high purity, high hardness and toughness, safe and reliable operation.
5		机车车轮 Locomotive wheel	1016mm 1092mm	机车车轮采用超高功率大电炉冶炼，钢质纯净度高、强韧性好，耐磨、安全可靠。 The locomotive wheels are smelted by ultra-high power large electric furnace, and the steel is of high purity, good strength and toughness, wear-resistant, safe and reliable.
6		货车车轮 Freight car wheel	660-1000mm	/
7		高速车轮 High-speed wheel	860mm-925mm	/
8	车轴 Axle	高速车轴 High speed train axle	按照来图定制 Customize according to the drawing	/
9		地铁车轴 Urban rail axle	按照来图定制 Customize according to the drawing	/
10		货车车轴 Freight car axle	按照来图定制 Customize according to the drawing	/
11		客车车轴 Passenger car axle	按照来图定制 Customize according to the drawing	/
12		机车车轴 Locomotive axle	按照来图定制 Customize according to the drawing	/
13	轮对 Wheelset	地铁轮对 Urban rail wheelset	按照来图定制 Customize according to the drawing	/
14		客车轮对 Passenger car wheelset	按照来图定制 Customize according to the drawing	/

MAANSHAN TIANJUN MACHINERY MANUFACTURING CO., LTD.

序号 S/N	产品名称 Product name	产品分类 Product category		常见规格 Common specification	产品介绍 Product presentation
15		工矿轮对 Industrial and mining wheelset		按照来图定制 Customize according to the drawing	/
16		货车轮对 Freight car wheelset		按照来图定制 Customize according to the drawing	/
17		机车轮对 Locomotive wheelset		按照来图定制 Customize according to the drawing	/
18	机车轮箍 Locomotive tyre	/		600-1376mm	轮箍广泛应用于铁路内燃机机车、电力机车、大功率机车，以及电力机车、工矿机车、蒸汽机车、有轨电车等组合轮。 Tyres are widely used in railway internal combustion engine locomotives, electric locomotives, high-power locomotives, and electric locomotives, industrial and mining locomotives, steam locomotives, trams and other combination wheels.
19	环件 Ring	/		600-3200mm	环件广泛应用于工程机械、石油化工、风力发电、铁路运输、船舶工业、航空航天、国防军工等各个领域。 Ring parts are widely used in construction machinery, petrochemical industry, wind power generation, railway transportation, shipbuilding industry, aerospace, national defense and other fields.
20	钢轨 Steel rail	中国标准钢轨轨型 Chinese standard rail profiles	普通铁路钢轨 Ordinary railway rail	37-75kg/m	可提供世界主流标准钢轨，轨型达到 40 余种，品种达到 100 余个，硬度级别覆盖 235HB-460HB，强度级别覆盖 780MPa-1450MPa。 Can provide the world's mainstream standard rail, more
			高速铁路钢轨 High-speed railway rail	60kg/m	

MAANSHAN TIANJUN MACHINERY MANUFACTURING CO., LTD.

序号 S/N	产品名称 Product name	产品分类 Product category	常见规格 Common specification	产品介绍 Product presentation
		重载铁路钢轨 Heavy haul railway rail	60kg/m、75kg/m	than 40 kinds of rail types, more than 100 varieties, hardness level covering 235HB-460HB, strength level covering 780MPa-1450MPa.
		吊车轨 Crane rail	QU80-QU120	
		道岔轨 Switch rail	60AT1、60AT2、50AT1、60TY1	
		地铁轨 Metro rail	60kg/m、60N	
		槽型轨 Grooved rail	59R2、60R2	
21		英标系列钢轨 BS standard rail profiles	BS80、BS90、BS95N、BS100A	
22		AREMA 标准钢轨轨型 AREMA Standard Rail Profiles	115RE、136RE	
23		欧标系列钢轨 EN standard rail profiles	45E1、54E1、60E1、54E1A1、60E1A5、60E1A1	
24		UIC 标准钢轨轨型 UIC standard rail profiles	UIC54、UIC60	
25		其他系列 Other series	NZR50、TR57、60E1、OT50、50N、AS60、AS68	
26	轨道交通车辆用轴承 Bearings for rail transit vehicles	圆锥滚子轴承 Tapered Roller Bearing	32020、32022、32024、32026、32028、32030	轨道交通车辆用轴承主要应用在铁路货车、铁路客车、城市轨道交通车辆轴箱、齿轮箱以及牵引电机等部位，为车轴、齿轮轴、电机转子等提供支撑，保证车辆平稳安全的运行。 Bearings for rail transit vehicles are mainly used in railway freight cars, railway buses, urban rail transit vehicles axle boxes, gear boxes and traction motors, etc., to provide support for axles, gear shafts, motor rotors, etc., to ensure the smooth and safe operation of vehicles.
27		深沟球轴承 Deep Groove Ball Bearing	6200、6201、6202、6203、6204、6205	
28		圆柱滚子轴承 Cylindrical Roller Bearing	NJ2226、NU2288	
29		双列深沟球轴承 Double-row deep groove ball bearings	4200、4201、4202、4203、4204、4205	

MAANSHAN TIANJUN MACHINERY MANUFACTURING CO., LTD.

序号 S/N	产品名称 Product name	产品分类 Product category	常见规格 Common specification	产品介绍 Product presentation
30	转向架 Bogie	机车转向架 Locomotive bogie	按照来图定制 Customize according to the drawing	选择性多，可提供铸钢构架、焊接构架及摆式转向架。 Many options, can provide cast steel frame, welded frame and pendulum bogie.
31		动车转向架 High speed bogie	按照来图定制 Customize according to the drawing	
32		客车转向架 Passenger bogie	按照来图定制 Customize according to the drawing	
33		货车转向架 Freight car bogie	按照来图定制 Customize according to the drawing	
34	铁路货车 Railway wagon	敞车 Wagon	按照来图定制 Customize according to the drawing	/
35		篷车 Cover wagon	按照来图定制 Customize according to the drawing	/
36		平车 Flat wagon	按照来图定制 Customize according to the drawing	/
37		罐车 Tank wagon	按照来图定制 Customize according to the drawing	/
38	铁路车辆配件 Railway vehicle parts	机车内燃发动机配件 Locomotive internal combustion engine accessories	按提供的型号规格和零件编号供货 Supply as per model specification and part number provided	可提供铁路运输内燃机车、轨道工程车辆所使用的主流配置发动机维修用配件。 Can provide parts for the maintenance of engines of mainstream configurations used in internal combustion locomotives for railroad transportation and railroad engineering vehicles.
39		轨道工程车辆内燃发动机配件 Internal combustion engine accessories for rail engineering vehicles	按提供的型号规格和零件编号供货 Supply as per model specification and part number provided	
40	铁路货车配件 Railway wagons spare parts	/	按照来图定制 Customize according to the drawing	可提供心盘、从板座、拉杆、承载鞍、摇枕侧架、牵引梁等。 Can provide center plate,forged plate base, forged drawbar, saddle, bolster side frame, draft sill, etc.

MAANSHAN TIANJUN MACHINERY MANUFACTURING CO., LTD.

41	其他铁路配件 Other railway parts	轨道扣件 Track fastener	按照来图定制 Customize according to the drawing	可提供各类螺纹道钉、螺栓、填充、弹条弹片、扣板、鱼尾板等。 Can provide all kinds of screw spike, bolt, fill, spring bar shrapnel, gusset plate, fish plate, etc.
42	其他铁路车辆配件 Other railway vehicle parts	/	按照来图定制 Customize according to the drawing	可提供闸瓦、闸片、瓦托、车钩、钩舌、轴箱、减震器、各类铸锻件等。 Can provide brake shoe, brake plate, wattle, coupler, hook tongue, axle box, shock absorber, all kinds of casting and forging parts.
